Rules: 2023 CMAS International UWR Rules with the following exceptions:

- Maximum 20 players per team for the tournament.
- Matches ending in a draw will be decided directly with a Sudden Death Penalty Throw Shoot-out, blue team starts attacking (see also below).
- When a match exceeds 10 goals difference, the match time will change from effective to ineffective match time for the remaining of that match.

Other rules are according to the International UWR Rules including 7.6 The players play at their own risk = make sure all people involved have an insurance!

Match start sequence:

1. We use the normal "1 minute" signal to initiate the match start sequence.
2. At the 1 minute signal the captains will swim to the middle of the pool to exchange penats which gives the commentators a possibility to present the captains.
3. After this the teams should get ready and wait for the "both teams ready" question followed by 2-3 seconds before the start of the match signal.

No national anthems will be played or team presentations will be preformed but it is expected that the teams will thank each other after each match.

All matches need to have a winner so if equal:

- Sudden Death Penalty shoot will follow directly, with no extra break before
- One penalty shoot out round until there is a winner
- Both defender and attacker have to be new players for each penalty
- Dark team starts with attacking
